- x Cross country teaches strong mental and character-building skills.
- x Surrounding communities offer cross country at the middle school level.

The proposal provided information on all areas reviewed by the committee. The committee found that there would be significant implications if cross country were added to the existing fall sports schedule for each middle school. The total anticipated cost to add boys and girls cross country is \$33,640 (based on the participation of the five middle schools).

If approved this expense would reduce the current middle school activity fee allocated from the athletics budget by \$6,278 per school. This would be cross cou4(s)4()10(c)4((27

BGCK staff has found that one of most effective incentives affecting behavioral change has

strategically connects families and schools to advance student learning and achievement. The APTTs model is a classroom-based, teacher-led, data-driven family engagement model focused on supporting children's academic goals by linking home and school learning.

The APTTs model replaces traditional parent-teacher meetings. Classroom teachers invite families to participate in 3 75-minute group meetings and 1 30-minute individual parent-child session annually.

Dr. Savaglio-Jarvis presented the report titled Hearing Officers submitted by Ms. Valari and Dr. Savaglio-Jarvis, excerpts follow:

“Administration brings forth a recommendation concerning the appointment of Hearing Officers to assist the District with any expulsion hearings for the upcoming school year.

Hearing Officers are paid \$100 per hearing and are scheduled on a rotating basis. The job was posted this year and no new applicants met the minimum requirements for this position.

Indicated below are the two individuals that Administration recommends for the 2017-2018 school year: The nominated individuals are as follows:

- x Nancy Wheeler - Ms. Wheeler is a practicing attorney in Racine. She previously served as a Racine Judge, of which four years were in the juvenile division. Ms. Wheeler has served as a KUSD Hearing Officer for the past six years.
- x Richard Regner - Mr. Regner is a retired school Administrator who has experience as a teacher, building principal and as a District level administrator. Mr. Regner has served as a KUSD Hearing Officer also for the past six years.

Administration recommends that the Board of Education authorize the appointment of the two recommended Hearing Officers for the purpose of expulsion hearings during the 2017-2018 school year. Administration further recommends that the contract for hearing officers be set at a rate of \$100.00 per hearing for the 2017-2018 school year.”

Mr. Kristopher Keckler, Chief Information Officer; presented the Annual Restraint and Seclusion Report submitted by Mrs. Bridget Kotarak, Interim Director of Special Education and Student Support; and Dr. Savaglio-Jarvis, excerpt follows:

“By September 1, Wisconsin requires each school district to report the district restraint and seclusion data annually, to the school board. Districts must submit the number of incidents of physical restraint and seclusion, the total number of students involved in the incidents, and the number of students with disabilities who were involved in the incidents. The report to the school board contains the same data as required in the U.S. Department Office of Civil Rights Cyclical Data Collection (CRDC) on physical restraint and seclusion.

Districts are required to report on two (2) types of restraint: mechanical and physical, and seclusion, detailing both the number of students (by disability status) and number of incidents.

For example, the use of handcuffs by police officers would constitute a mechanical restraint and schools are required to fully document identified instances. Both a summary report and a full building level report are attached. For the 2016-17 school year, KUSD had 6 students who had a total of 6 incidents of mechanical restraint, 94 students who had a total of 225 incidents of physical restraint, and 72 students who had a total of 209 incidents of seclusion. 76 As identified, the increase in mechanical restraint are all the direct result of the state expectation to now ensure that any police involved use of handcuffs or other restraint are documented and reported.
