It is recommended that the October 2017 net payroll and benefit EFT batches totaling \$11,297,379.21, and net payroll check batches totaling \$15,278.43, be approved."

Mr. Falkofske moved to approve the revised consent agenda. Mr. Wade seconded the motion. Unanimously approved.

Mr. Hamdan presented the 2017-2018 Adopted Budget Book. He demonstrated how to navigate the budget book through the following areas: table of contents, executive summary, district staffing, staffing by location, student information, revenue limit history, equalized values breakdown by municipality, tax levy information and history, fund balance history, detail of revenue by source, chart of revenue source, detail of expenditures, and summary of revenues expenditures by location.

Mr. Hamdan answered questions from board members. No action was taken on this item as it was an informational item.

Mr. Kristopher Keckler, Chief Information Officer, presented the 2017 Parent/Guardian Survey submitted by Mrs. Brienne Schreiber, Research Analyst; Mrs. Renee Blise, Research Coordinator; Mr. Keckler and Dr. Savaglio-Jarvis, excerpts follow:

"Kenosha Unified Policy 1110 Parent/Guardian/Caregiver Survey, stipulates that KUSD implement a parent/guardian survey every two years. The 2017 Parent/Guardian Survey contained items in the following areas:

- School Climate
- Cleanliness/Safety
- Student Achievement/Grading/Assessment
- Curriculum
- Communication/Follow Up
- Expectations
- Shared Decision-making
- Instructional Calendar (new section)
- Student Information System (Infinite Campus Parent Portal)

Responses for each item were presented using a Likert-type scale where respondents were asked to rate their agreement using response categories that ranged from Strongly Agree to Strongly Disagree. A Neutral category was also available for selection. In addition, respondents were asked to write comments related to strengths of the school, areas for improvement at the school, and other areas to share thoughts.

The 2017 Parent/Guardian Survey was administered from February 20 through April 3, 2017. Similar to the previous version of this survey, the current student information system, Infinite Campus, was utilized to allow for secure and anonymous delivery. A specific link to the anonymous survey was distributed to each parent/guardian account. This process removes the potential for incorrect multiple submissions and responses from non-parents/guardians. Parents/guardians were informed of the survey through

various media notifications, both from the central office and the local school building.

KUSD parents and guardians provided 2,031 responses, which is a noticeable improvement over the 720 individuals responses from the previous survey.

Parents had the ability to complete multiple submissions so they could reference different schools. 82.8% of the parents identified themselves as white, with 74.4% overall as white, non-Hispanic. Because of the small number of responses for several buildings, the quantitative analysis was completed for KUSD as a 31 whole. Seven (7) buildings had less than twelve (12) parent responses, which is a big improvement from 28 schools with low participation rates two years ago.

Once again many respondents gave credit towards a caring staff, plenty of educational and extra-curricular offerings, and the ability to participate in the growth of their child while enrolled in KUSD. Staff from every area (classroom teachers, counselors, educational assistants, support staff, administrators) received directed praise and compliments for addressing the various needs of their students. Repeated accolades existed for the quality of positive school climates and initiatives (PBIS, recognitions) along with the frequent appearance of a clean and orderly set of buildings.

Concerns were submitted for the perceived lack of curriculum choices (more AP courses, electives) or support options for several different situations. Parents listed a desire for a better drop-off and pickup procedure and parking options for schools. Multiple calendar changes were requested, most asking for less "off" days for students so parents didn't have to address childcare.

beginning Monday, May 7, 2018, and ending Friday, May 18, 2017. To accommodate the increase in the number of AP exams being administered and to stay compliant with AP exam regulations, the exams were administered at various locations. Tremper High School and Indian Trail High School and Academy administered the exams at their respective schools. Bradford High School administered the exam at the United Auto Workers facilities due to the lack of necessary space at Bradford. Harborside Academy, LakeView Technology Academy, and Kenosha e-School combined to form a "multischool exam center" and administered exams in the St. James gymnasium.

High school building administrators designate an AP coordinator(s) (Appendix B). The designated coordinator(s) must be identified on the school's AP Participation Form and must not have a conflict of interest according to the College Board-stated requirements. Schools wishing to use the AP designation on their courses must participate yearly in the AP Course Audit. Teachers who are new to AP as well as those whose course has undergone a revision are required to submit their syllabi to the College Board to receive authorization to teach the course. College Board adheres

The coordinator of gifted and talented education and summer school will work with administrators, counselors, teachers, and parents to expand the opportunities for all students to participate and be successful in AP courses, particularly students of color and those in other under-represented groups. Content coordinators and building principals will work collaboratively to develop course pathways for students to take AP courses.

AP presentations will be developed and conducted for middle school parents and students in spring 2018.

The coordinator of gifted and talented education and summer school will work with building administrators, AP coordinators, counselors, and teachers to: develop and implement an AP summer boot camp to prepare students for AP classes to be offered in summer 2018, increase opportunities for students to take AP practice exams, and explore opportunities for an AP tutoring program."

cleanup of the wording would better suit the needs of the district and those reading/utilizing the policy.

It is recommended that language in Policy 7410 – Naming an Area Within or On a District Site be combined with Policy 7400 – Naming or Renaming District Buildings and that Policy 7410 as written be eliminated. This streamlines the entire policy and clarifies which areas may be named and how that process must take place. The language regarding committee duties was also adjusted for clarity purposes.

Updates and rationale were shared with board members at July 2017 Agenda Review meetings and board members provided the following feedback to administration:

- Consider not requiring the committee to rank suggested names
- Consider eliminating the use of names when naming buildings
- Consider allowing buildings to be named after things
